

# Nilfisk Ride-on scrubber/dryers

Nilfisk BR 755/755C/855

ecoflex™

 **Nilfisk**  
setting standards

# Better ergonomics, better reliability, better cleaning

Welcome to the modern world of cleaning: a world in which efficiency is essential, where ergonomic and environmental considerations are vital, and where the ability to meet the most demanding customer expectations is paramount.

Nilfisk's generation of ride-on scrubber dryers feature all that modern cleaning professionals demand, and more. Better reliability, outstanding traction, a decibel level low enough to make daytime cleaning possible in even the most sensitive areas, and amazing efficiency in both scrubbing and drying performance.

Added to which there are innovations such as the Ecoflex concept, for easily adjust of amount of water, precise detergent metering and pressure to the surface.

The Ecoflex controls consumption levels are keeping cleaning "green", but also giving more cleaning power when needed.

The BR 755/755C/855 series is simply the better choice.

Easy change of cartridge, now located underneath the seat

An integrated on-board charger enables easy plug-in and battery charge at any outlet

New squeegee concept, for top drying performance

Nilfisk BR 755

The Ecoflex system ensures excellent control of consumption levels and the right efficiency when more cleaning power is required

# A thoroughly modern machine for efficient cleaning

- **Ecoflex system: complete consumption control without any compromise with cleaning performance**
- Waterproof one touch control panel simplifies operations for better results
- Outstanding traction, either on dry or wet floors and on ramps
- User friendly, easy to operate and highly productive
- High manoeuvrability allows cleaning in congested areas
- Adjustable scrubbing pressure ensures better results regardless of the dirt level
- Integrated 3 stage vacuum reduces noise levels to just 63 dB(A)
- New squeegee concept: compact, easy to adjust and more reactive for a top drying efficiency
- Large battery compartment enables a 360Ah battery tray , so guaranteeing 4.5 hours running time in normal scrub
- Robust design ideal for commercial and industrial cleaning such as supermarkets, shopping malls, schools, airports, hospitals, warehouses, food and iron&metal industry

A debris tray captures the dirt from the suction hose to prevent it from entering the recovery tank

Built-in squeegee hanging system on recovery tank for easy machine transfer in narrow areas

Both the cleaning deck and the squeegee sides are well protected by large roller bumpers

The exceptional Ecoflex concept allows the operator to match the floor cleaning machine's performance to the soil on the floor and the required level of clean. When encountering more soiled areas of the floor, the operator can activate the "burst of power" button for extra cleaning performance, and as easily return to original settings for minimum usage of water, detergent and power. Green meets clean.

## One touch magic – just touch and go

**Green**  
Conserves water. The low-flow water, no detergent-mode is ideal for routine cleaning.

**Flexible**  
One touch of a button increases performance, adding just enough detergent for dirtier floors. Choose between 5 different levels.

**One-minute boost**  
Brush pressure: Temporary 60 second power cleaning boost functionality for extra dirty patches.

## 60 seconds burst of power

# Better features for maximum performance

## Technical specifications

Description	Unit	BR 755	BR 755C	BR 855
Voltage	V	24	24	24
Rated power	W	2040	1920	2160
Sound pressure level at 1.5m	dB(A)	63.7	63.7	63.7
Productivity rate theoretical/ actual	m <sup>2</sup> /h	4500/3150	4500/3150	5400/3800
Scrubbing width	mm	710	710	860
